# *Rey de León Scallops*

- Diver Harvested
- Chemical Free
- Dry Pack
- Sustainable
- Delicious
- Sweet
- Clean
- Wild

Rey de León Scallops are wild, diver harvested, (not dredged), and meet the requirements of the Ocean Wise™ program

Our Rey de León scallops are a responsibly managed sustainable resource, with strictly enforced harvesting procedures. Our scallops are called "dry pack diver scallops" because we don't add water or chemicals to increase the water moisture content, and they are traditionally harvested by hand.

Packed 2/5lb re-sealable bags - sizes:  
U-4, U-6, U-8 available
